ICT Programme on "Awareness Programme on Small Scale Industries"

NAME OF THE RESOURCE PERSON: **Mr.S.Daniel**

DESIGNATION: **Industrial Promotion Officer, Department of Industries Govt. of Andhrapredesh.**

PHONE NUMBER: **8106387355**

Session-I The office of the Training and Placement has been organised a ICT programme for III-B.Tech and IV-B.Tech students on **"AWARENESS PROGRAMME ON SMALL SCALE INDUSTRIES"** 23 rd November 2021.The resource person for this programme is **Mr.S.DANIEL**. The Principal and the Resource Person inaugurated the programme. In the morning session, the Resource Person has give demonstration on Role and function of MSME, Evaluation and development of small scale industries polices.

Session-II: In the session –II, he has covered about training and entrepreneurship development, small industries development organization and other schemes of Ministry.

Outcomes of the programme:

- ➢ To create more employment opportunities.
- ➢ To help develop the rural and less developed regions of the economy.
- ➢ To reduce regional imbalances.
- ➢ To ensure optimum utilisation of unexploited resources of the country.
- ➢ To improve the standard of living of people.

PROGRAM REPORT

Date: 16-02-2020

ICT Programme on **"One week workshop on Cad Cam"**

NAME OF THE RESOURCE PERSON: **Mr. V. Bramhesh.**

DESIGNATION: **Trainers, Apssdc, Anantapuramu.**

PHONE NUMBER: **9535139549.**

NAME OF THE RESOURCE PERSON: **Mr. Kokkanti Sivamohan Reddy.**

DESIGNATION: **Trainers, Apssdc, Anantapuramu.**

PHONE NUMBER: **8464048571.**

Day-I Mechanical Engineering and Civil Engineering Department has been organised a ICT programme for IV-B.Tech and III-B.Tech students on **"ONE WEEK WORKSHOP ON CAD CAM"** 8th February 2020.The resource person for this programme is **Mr. V.Bramhesh and Mr. Kokkanti Sivamohan Reddy.** The Principal and the Resource Person inaugurated the programme. The resource person first day covered introduction to Cad, importance of cad and section reviews the basic AutoCAD controls.

Day-II: Pan and zoom in a drawing, and control the order of overlapping objects and Create basic geometric objects such as lines, circles, and hatched areas.

Day-III: Ensure the precision required for your models and organize your drawing by assigning objects to layers.

Day-IV: You can assign properties such as Color and line type to individual objects, or as default properties assigned to layers and Perform editing operations such as erase, move, and trim on the objects in a drawing.

Day-V: Insert symbols and details into your drawings from commercial online sources or from your own designs and Display one or more scaled views of your design on a standard-size drawing sheet called a layout.

Day-VI: Create notes, labels, bubbles, and callouts. Save and restore style settings by name, Create several types of dimensions and save dimension settings by name and Output a drawing layout to a printer, a plotter, or a file. Save and restore the printer settings for each layout and for questions, the product discussion group are a great resource, as is the AutoCAD blog.

ICT Programme on "one day work shop on vm ware"

NAME OF THE RESOURCE PERSON: **Mr.Deepthi kishore**

DESIGNATION: **Trainers, APITA.**

Session-I : EEE and CSE Departments has been organised a ICT programme for III-B.Tech students on **"One day work shop on vm ware"** 22nd February 2019.The resource person for this programme is **Mr.Deepthi kishore.** The Principal and the Resource Person inaugurated the programme. First day the resource person covered topics of Build, test and demo software across an array of different devices, platforms and clouds. IT professionals, developers and businesses rely on Workstation Pro every day to support their projects and customers.

Session-II: Afternoon session he has covered about Workstation Pro makes it easy to run complex local virtual environments to simulate operating systems, platforms and clouds, all from the same desktop PC.

PROGRAM REPORT

Date: 25-02-2019

ICT Programme on **"Three day Work shop on Embedded Systems design and applications"**

NAME OF THE RESOURCE PERSON: **Mr. Nikunj Thakkar**

DESIGNATION: **Trainer, APITA.**

Day-I ECE Department has been organised a ICT programme for III-B.Tech students on **"THREE DAY WORK SHOP ON EMBEDDED SYSTEMS DESIGN AND APPLICATIONS"** 18th February 2019.The resource person for this programme is **Mr.Nikunj Thakkar.** The Principal and the Resource Person inaugurated the programme. First day the resource person covered topics on Architectures of MSP430 Family of microcontrollers, Pinout, Launch pad Schematics. Hands-on Training using MK-II Educational booster pack with MSP430F5529 Launch pad was demonstrated and exercised by participants using Energia library. Assembly Programming using MSP430 Courseware was demonstrated and practiced using CCS and Energia after the lunch break.

Day: II: IoT related experiments to demonstrate dynamic IP address generation for the launch pad, Server Client deployment using TCP, Application layer Protocols like HTTP web server, MQTT were demonstrated and practiced using open source MQTT dashboard from android play store by the participants. During the second Session TIVA programming to read Sensors available on sensor hub were demonstrated and practiced.

Day-III: Stepper, Servo Motors were interfaced to launch pads and controlled using Energia Macro functions. Dual Stepper motors were interfaced using ULN2003 Driver booster with launch pads. Sharp LCD was programmed to use as output peripheral. The Second session was on using Blynk open source Application from play store to control launch pad using android application.

PROGRAM REPORT

Date: 12-02-2019

ICT Programme on **"Entrepreneurship Awareness camp"**

NAME OF THE RESOURCE PERSON: **Mr.M.Ramesh**

DESIGNATION: **Entrepreneurship Trainer.**

Email Id: **rameshm@gmail.com**

Day-I MBA Department has been organised a ICT programme for MBA students on **"Entrepreneurship Awareness camp"** 7th February 2019.The resource person for this programme is **Mr.M.RAMESH.** The Principal and the Resource Person inaugurated the programme. The resource person first day has discussed we will kick-start our series of workshops by helping you to answer the following question. What kind of entrepreneur do you want to be? Are you all about the bottom line, or do you think that having a positive impact on your community while making profits would be a better measure of success? Do you prefer to work alone or in a team? Should you start a corporation, a non-profit or a co-op? Come discover what type of legal structure best suits your entrepreneurial spirit and your business idea!

Day: II: on the second day he has discussed in this workshop, we start by analyzing why we would want to create a company or why not; we will talk about passion and why it is important and, how to define your passion. We will then see how being an Entrepreneur is not only the best profession in the world, it is actually a lifestyle. We will talk about the value of time, the creation of value, and how to develop the mindset to solve problems; to help people; and to distinguish between employee mentality & entrepreneur mentality. We will finish with a case study on the smart way to launch a company, reducing risk and maximizing success. We will also talk about what failure really is and how we can use it to our advantage

Day-III last day he has discussed what does your communication look like? Do you really know how others perceive you when you present yourself and your ideas? Are you confident you can get your point across and promote your ideas? Are you seen as confident or arrogant? Energetic or lethargic? At ease or scared shitless? Technology and the ways we are doing business are changing every day. The one thing that will never change is that we are doing business with people and if you think your communication style doesn't matter, think again, it matters more now than ever. As future entrepreneurs looking to get your ideas out there and connect with people why not invest in your most important asset – you! Come and see how you stand up to the test. Take to the stage with coaches who have trained some of the world's leading performers and top execs!

PROGRAM REPORT

Date: 22-01-2019

ICT Programme on "**A two day national level work shop on recent trends in Virtual Arena**"

NAME OF THE RESOURCE PERSON: **Mr.R.Shiva Ramkrishna Rao**

DESIGNATION: **Engineer, Mahindra and Mahindra Company.**

Email Id: **srrao114@gmail.com**

Day-I ME Department has been organised a ICT programme for IV-B.Tech students on "**A TWO DAY NATIONAL LEVEL WORK SHOP ON RECENT TRENDS IN VIRTUAL ARENA**" 18th January 2019.The resource person for this programme is **Mr.R.Shiva Ramakrishna rao.** Principal and the Resource Person inaugurated the programme. First day the resource person covered topics of innovative mindset of under Current ecological, social, and technological trends are encouraging innovative manufacturers to offer consumers much more than a metal box on four wheels. Whereas for the past 100 years, carmakers were largely focused on enhancing manufacturing to become more efficient at scale, the future is about redefining the role of the vehicle.

Cutting-Edge Production

New technologies open new opportunities. Additive manufacturing, also referred to as 3D printing, is a great source of product innovation. In 2019, automotive industry representatives will have to make the most of 3D printing in order to compete with their rivals. Metal 3D printing is already becoming main stream.

Day: II: Environmental Friendliness, the growth of zero emission vehicle technology has been driven by environmental factors. The popularity of cleaner and more environmentally friendly electric vehicles (EVs) and hybrid electric vehicles (HEVs) is increasing. There are more than 5.6 million EVs on the road today, which is 64 percent more than in 2018. By the year 2030, 55 percent of all cars sold in Europe will be fully electric. Tesla is still the most influential EV manufacturer, but other automakers are appearing and they presented many stunning electric cars at this year's Geneva Motor Show.

Autonomous Vehicles (Innovative manufacturers take considerable interest in the potential of self-driving technology since it opens new opportunities for business growth. The global market for autonomous vehicles is projected to be worth $54.23 billion in 2019, and its value is expected to increase to $556.67 billion by 2026. The vast potential autonomous vehicles offer explains the boom of start ups in this area:

PROGRAM REPORT

Date: 29-11-2018

ICT Programme on **"Awareness Program on Banking Sector"**

NAME OF THE RESOURCE PERSON: **Mr.K.Nagesh.**

DESIGNATION: **PO, YES BANK.**

Email Id: **nageshk321@gmail.com**

Session-I the MBA Department has been organised a ICT programme for I-MBA students on **"Awareness program on Banking Sector"** 26th November 2018.The resource person for this programme is **Mr.K.Nagesh.** The Principal and the Resource Person inaugurated the programme. The resource first day covered topics of banking awareness is a part of the general awareness section in the bank exams. It comprises questions related to the history of banks in India, the Banking Institutions, banking terms and the functions and role of the banking industry in the financial system of the country.

Session- II: afternoon session he has covered about the weight age of the general awareness section is high, and the candidate can easily score more in this section with no lengthy calculations and solutions required to answer the banking awareness questions. Scoring more in the General Awareness section increases the overall scores.

PROGRAM REPORT

Date: 12-10-2018

ICT Programme on **"Three day Work shop on Cyber security"**

NAME OF THE RESOURCE PERSON: **Mr.Vijaya Raju, Mr.Vaibhav**

DESIGNATION: **Trainers, APITA.**

Day-I CSE Department has been organised a ICT programme for III-B.Tech students on **"THREE DAY WORK SHOP ON CYBER SECURITY"** 8th October 2018.The resource person for this programme is **Mr.Vijaya Raju and Mr.Vaibhav** The Principal and the Resource Person inaugurated the programme. First day the resource person covered topics of Safe practices to protecting one's data and information 24/7, Definitive approach to ethical hacking and cyber security, Mobile & web app security, system security, and network security.

Day: II: On the second day he has covered topics of Approach to penetration testing and vulnerability assessment, Malware, ransom ware, and viruses, Case studies: 0-day vulnerabilities, large scale cyber attacks, mobile bonnets, and contemporary threats to cyber security.

Day-III: last day he has covered topics of Case studies: 0-day vulnerabilities, large scale cyber attacks, mobile botnets, and contemporary threats to cyber security, Data protection laws & regulations that determine, complement, and inhibit cyber security and Reverse engineering and cyber forensics.

PROGRAM REPORT

Date: 03-09-2018

ICT Programme on **"Two day work shop on bike assembly and disassembly"**

NAME OF THE RESOURCE PERSON: **Mr. Anil Kumar,**

DESIGNATION: **Trainer, Technical Development centre, Anantapuramu.**

Day-I: ME Department has been organised a ICT programme for III-B.Tech students on **"ONE DAY WORK SHOP ON BIKE ASSEMBLY AND DISASSEMBLY"** 31st August, 2018.The resource person for this programme is **Mr.Anil Kumar.** The Principal and the Resource Person inaugurated the programme. First day the resource person addressed the students regarding the industrial automation and application of power electronic drives in industry. The resource person discussed about this workshop was organized by Mechanical Engineering department to enhance the skills and increase the employability of the students. This workshop also addressed queries about fundamentals of I.C. Engine.

Day-II: Following discussions and demonstrations of engine dismantling, assembly, and maintenance were held

- Demonstration on engine details- cylinder, bore, piston, connecting rod, crank shaft, inlet and exhaust valves, Carburetor etc.
- Multi plate clutch, oil bath, clutch removing and refitting
- Demonstration on Constant Mesh Gear Box
- Capacitive Discharge Ignition system, CDI coils, parts operated on AC-DC Current and its use
- Use of 'O' ring set, packing set, engine oil while assembling
- Overhauling of Four Stroke engine head, Valve timing setting
- Fault finding in engine, clutch and ignition system
- Precautions / Care to be taken while assembly of engine
- How to start an assembled engine?

Outcomes of the programme:

- ➢ Students can learn about bike parts
- ➢ Students can learn about engine parts
- ➢ Students can learn about suspension systems
- ➢ Students can learn working principles of engines

ICT Programme on **"Three day Work shop on Lab view for National instruments"**

NAME OF THE RESOURCE PERSON: **Mr.Satyanarayana,**

DESIGNATION: **Sr.Engineer, Banglore,**

Email Id: **satyanarayana112@gmail.com.**

Day-I ECE and EEE Departments has been organised a ICT programme for IV-B.Tech students on **"THREE DAY WORK SHOP ON LAB VIEW FOR NATIONAL INSTRUMENTS"** 28th August 2018.The resource person for this programme is **Mr.Satya narayana.** The Principal and the Resource Person inaugurated the programme. First day the resource person covered topics of introduction to lab view, introduction to virtual instruments.

Day: II: on the second day he has discussed about lab view environment, Building the front panel, Building the block diagram.

Day-III: last day he has covered about running and debugging vis, creating vis and sub vis, loops and structures, grouping data using strings, arrays and clusters, graphs and charts

ICT Programme on **"Work Shop on Embedded Systems and IOT"**

NAME OF THE RESOURCE PERSON: **Mr.Y.Narasimha Reddy**

DESIGNATION: **Assistant Professor, Department of CSE**

PHONE NUMBER: **9885218488.**

Session-I: Electronics and Communication Engineering and Computer Science Engineering Departments has been organised a ICT programme for III-B.Tech students on **"Work Shop on Embedded Systems and IOT"** 21st April 2018.The resource person for this programme is **Mr.Y.Narasimha Reddy** The Principal and the Resource Person inaugurated the programme. The resource person in the first session he has covered topic of Data Processing in Big Data and IoT, Cloud computing and data centers. Embedded System technologies, Cyber-physical systems. Cyber-physical systems and embedded systems, CPS & ES Hardware, Extending the motivation: Embedded systems and ubiquitous computing.

Session-II: In the second session he has covered topics of Embedded System technologies, Cyber-physical systems. Cyber-physical systems and embedded systems, CPS & ES Hardware, Extending the motivation: Embedded systems and ubiquitous computing.

PROGRAM REPORT

Date: 16-04-2018

ICT Programme on "Two day National level work shop on 3D printing Technology"

NAME OF THE RESOURCE PERSON: **Mr.M.Nagaseshulu**

DESIGNATION: **Engineer, Auto Merge Engineering Solutions, Hyderabad.**

Email Id: nagaseshuams@outlook.com

Day-I Mechanical Engineering Department has been organised a ICT programme for III-B.Tech and II-B.Tech students on **A Two Day National level work shop on 3D printing Technology"** 11th April 2018. The resource person for this programme is **Mr.M.Nagaseshul.** The Principal and the Resource Person inaugurated the programme. The resource person first day gave lecture on introduction to 3D printing technology its evolution over the last 25 years and the current situation, various technologies in 3D printing technology, and basic overview of 3D Design software and 3D scanning technology. These act as the basis for creation of the 3D model.

Day-II secondary the resource person covered topics on Detailed overview on slicing technology, various slicing software like Cura and few tips & tricks, Various applications of 3D Printing technology and few real-time case studies and Extensive list of case studies on how 3D Printing is helping various industries.

Outcomes of the programme:

> ➢ Learn about the materials, designing of CAD models, working of a 3D Printer
> ➢ Understand how to build and calibrate a 3D printer
> ➢ Understand the basics of G code generation
> ➢ The participants will get 3D printed models that they design

PROGRAM REPORT

Date: 18-03-2018

ICT Programme on **"One day Workshop on Solar power systems"**

NAME OF THE RESOURCE PERSON: **Mr.SK.Subhani.**

DESIGNATION: **Technical Manager, ORB Company, Nellore.**

Email Id: **sks121@gmail.com**

Session-I: Electrical and Electronics Engineering Department has been organised a ICT programme for II-B.Tech and III-B.Tech students on **"One Day Work shop on Solar power systems"** 15th March 2018.The resource person for this programme is **Mr.SK.Subhani.** The Principal and the Resource Person inaugurated the programme. The resource person first session covered topics of Introduction to Renewable energy, Basics of Electricity, Solar Radiation Basics, Working of Solar Cells, Solar PV Modules & Arrays, Types of Solar Panels, and Types of Inverters.

Session-II: Site survey & assessment & Load calculations, Sizing of cables, Solar Panels, Solar Inverters, DCDB, ACDB, Junction box etc, Learn to make Techno-Commercial Proposals.
