Solar Energy

The college has taken initiatives in providing, sustaining conserving source of energy. All these alternative source of energy helps to reduce and recycle the energy for its conversation. Solar panel is one of the alternative sources of energy instead of electrical energy used in SJCT. The Solar Panel derives its energy from solar energy. The term solar panel used as colloquially for a photo voltaic module. The photo voltaic system supply electrically to electrical equipment. The photo of module use light energy from sun to generated electrically through photo voltaic effect.
